"I had just 1 second to get the shot, but 7 chances to nail it."

With continuous shooting at 7 frames per second, the EOS 70D Digital SLR camera gives you more opportunities to catch that perfect moment. Even short lived photos you can't expect to see. Live View AF sensors auto focusing, approximately 2 frames faster than the EOS 60D.* If you need more shots at the perfect shot, the new EOS 70D is the camera for you, and your fast moving subject.

- 7 frames per second continuous shooting
- 3" vari-angle Touch LCD screen
- 20 crop AF cross-axis pixels focus
- 20 fps and 10 fps video with built-in HD 1080i

EOS 70D
