TIERS OF LOVE

The boho vibe is alive and well but today's best gowns are less hippie chic and more easy, breezy sophisticate. We love the simplicity and romance of this look—a classic spaghetti-strap sheath with a sleek bodice that morphs into airy layers of lace tiers. Timeless, effortless and ultra-romantic, it is quite possibly the perfect wedding dress.

EPIC VEILS

Priyanka Chopra proved the veil is officially back in a big way. The dreamiest of bridal accessories takes an imaginative turn and we're loving it. Fashionable sisters Kate and Laura Mulleavy of Rodarte brought veils to the fashion forefront with a recent collection. We were inspired by their extraordinary creations featuring miles of tulle festooned with flowers, birds, ribbons and lace.

Veil, Posh Veils.
